

How Do You Learn Best?

Remember, IDEA says that your school must help you learn in the way that is best for you. So your school will work hard to come up with the best IEP—or learning program—for you. But you can have a say in your learning program. Read the questions below. Think about how you might answer them. Your answers will help you have a say in your learning program. You can photocopy this page to look at later. Or you can download and print out a copy at www.freespirit.com/LD.

- What kind of classroom are you in? Do you think this is the best way for you to learn? Why or why not?

- Do you think you need to spend more time working with an LD specialist? Why or why not?

- Do you think you would learn better if you were in a different classroom? Why or why not?

Do you think you need a different way to learn? Then talk to your parents. Have them talk to your teachers. Ask for help to find a different way to learn. Then you *can* learn!
